

DELCE ACADEMY - ADMISSIONS STATUTORY CONSULTATION

Consultation opens Wednesday 15th December 2021 at 9am

Consultation closes Wednesday 26th January 2022 at 9am

Purpose

The Inspire Partnership Academy Trust is consulting on the arrangements for admission to Delce Academy in the academic year 2023 – 2024. The consultation is taking place because the trust wishes to change existing arrangements in order that there is consistency for all stakeholders, streamline management processes. Arrangements have been re-drafted to provide that consistency and to incorporate statutory requirements of the 2021 admission code. The material changes to the arrangements are detailed below.

- Prioritising pupils with acute medical or social care need above siblings
- Changing the distance criteria to a straight-line measurement from the centre of a child's home to the centre point of the school's front gate on The Tideway
- Making separate provision for children of multiple birth outside the main over-subscription arrangements
- Specifying that the length of time children's names will be held on a waiting list to 31st December in line with admissions code guidance and providing further information about that waiting list
